

Jurisdiction Diversion Rate Summary (Results)

Advisory! This online database contains some diversion rates calculated with preliminary data and labeled as such. Preliminary data is subject to change during the Board review process or when a jurisdiction submits updated information. Those diversion rates where the status is labeled "**Preliminary Data Under Staff Review**;" "**Biennial Review Not Completed Yet, Preliminary Data**;" "**Biennial Review Not Completed Yet, New Base Year**;" or "**Not Subject to Biennial Review, Newly Incorporated**" are not official diversion rates and have not been reviewed by the Board.

Beginning with 2004 jurisdiction annual reports, the CIWMB allows the use of the Taxable Sales Deflator Index (TSDI) as an acceptable alternative to the Consumer Price Index (CPI) to calculate diversion rates. If you want to find out more about the TSDI and see a comparison of preliminary 2004 diversion rates calculated using CPI and TSDI see our [Taxable Sales Deflator Index](#) page.

Merced County Solid Waste Regional Agency

Reporting Year	Biennial Review Cycle	Diversion Rate %	Biennial Review Status* (click on status to view detailed data)
1995	95-96	50	Board Approved
1996	95-96	48	Board Approved
