CalRecycle Farm and Ranch Solid Waste Cleanup and Abatement Grant (offered three times a year)

- The California Integrated Waste Management Board administers the Farm and Ranch Solid Waste Cleanup and Abatement Grant Program for the cleanup of illegal solid waste sites on farm and ranch property. A site may be eligible for funding of the parcel(s) is (are) zoned for agricultural use, where unauthorized solid waste disposal has occurred, and where the site(s) is (are) in need of cleanup in order to abate a nuisance or public health and safety threat and/or a threat to the environment.
- Sites are NOT eligible for funding if the owner is the one responsible for the illegal disposal of solid waste.
- For more information and grant forms, visit <http://www.calrecycle.ca.gov/LEA/grantsloans/farmranch/>

Merced County Agricultural Commissioner's Office - Rinse Certification

- A pesticide container rinse certification is required before disposing of or recycling pesticide containers. The certification certifies that the pesticide containers have been triple-rinsed or rinsed in a closed system, in accordance with Section 6684 of the California Code of Regulations. To obtain a rinse certification, please call the Ag Commissioner's Office at 209-385-7431.
- During the Fall, the Ag Commissioner's Office may partner with local ag-chem distributors for ag-chem container clean-up events. To be informed of these collection events, please contact the Ag Commissioner's Office at 209-385-7431 or the Association of Governments at 209-723-3153 ext. 315.

NRCS Environmental Quality Incentives Program - Cost-share for disposing CCA treated stakes and other projects

- The Natural Resources Conservation Service (NRCS) is offering an Air Quality enhancing cost-share incentive program to growers in the counties of: Fresno, Kern, Kings, Madera, Merced, Riverside, San Joaquin, Stanislaus and Tulare. The program is designed to target growers with existing piles of Chromium Copper Arsenate (CCA) treated wood stakes. The cost-share assistance is available one time per site location.
- The EQIP Program also cost-shares on irrigation, dairy, and other air quality projects. For more information, please call the Merced NRCS branch at 209-722-4119 Ext. 3.

Pacific Gas and Electric Company (PG&E) - Energy Efficiency Rebates

- PG&E offers rebates for a number of projects dealing with insulation, irrigation, boilers and hot water heating, lighting, refrigeration, and greenhouses.
- For more information, call (800) 468-4743 or visit the PG&E "Energy Efficiency Rebates for your Business" page and view the Agricultural catalogs/applications at: <http://pge.com/mybusiness/energysavingsrebates/rebatesincentives/ref>
